Dagný Valgeirsdóttir, part of the newly established 'Design group', was recently invited as a guest on the podcast 'Brainhacks 4 Leadership' by Jill Windelspecht. There she was interviewed about her work with creativity research and amongst other discusses her work developed through her PhD here at DTU called 'Enhancing Creativity – Metacognitive Training for Innovation Practitioners'. She talks about her creativity training program and gives some 'tips and tricks' on what is useful to keep in mind in order to enhance the chance of a creative output.
