Sound intensity and its measurement
Publication: Research - peer-review › Article in proceedings – Annual report year: 1997

Støjen bliver synlig: Ny standard skal sætte tal på lydniveauet i boliger og inddeles boliger i fire klasser
Publication: Research › Journal article – Annual report year: 1997

Temporal integration of loudness in listeners with normal hearing and sensorineural hearing loss
Publication: Research › Article in proceedings – Annual report year: 1997

Temporal integration of loudness, loudness discrimination, and the form of the loudness function
Publication: Research - peer-review › Journal article – Annual report year: 1997

The Control of Transmitted Power in an Active Isolation System
Publication: Research - peer-review › Article in proceedings – Annual report year: 1997

The influence of basic design variables on the acoustics of concert halls; new results derived from analysing a large number of existing halls
Publication: Research - peer-review › Article in proceedings – Annual report year: 1997

The insertion loss of screens under the influence of wind
Undersøgelse af fundamentale ulineariteter i elektrodynamiske højttalere: Rapport over LoDist projektet
Publication: Research - peer-review › Report – Annual report year: 1997

A boundary element model for lined circular ducts with uniform flow
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Accuracy limitations of current accelerometers and implications on power measurements in active control
Publication: Research - peer-review › Report – Annual report year: 1996

Acoustic Finite Element Calculations in the Time Domain
Publication: Research - peer-review › Book – Annual report year: 1996

A critical examination of some of the field indicators that have been proposed in connection with sound power determination using the intensity method
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Active control of multi-modal propagation of tonal noise in
Laugesen, S. 1996 In : Journal of Sound and Vibration. 195, 1, p. 33-56
Publication: Research - peer-review › Journal article – Annual report year: 1996

Active control of radiated sound power from a baffled, rectangular panel
Mørkholt, J. 1996 Inter-Noise 96 - Proceedings. St Albans: The Institute of Acoustics, p. 1211-1214
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Adaptive active control of structural vibration by minimisation of total supplied power
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Adaptive algorithm for minimisation of power: Further notes on time domain simulations
Publication: Research - peer-review › Report – Annual report year: 1996

A note on phase calibration of transducer set for power measurements
Publication: Research - peer-review › Report – Annual report year: 1996

A numerical investigation of the performance of sound intensity probes at high frequencies
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Application of the power minimising method on an aluminium beam
Publication: Research - peer-review › Report – Annual report year: 1996
Applications of a system for two-channel auralization using ODEON-SOUND
Publication: Research - peer-review › Journal article – Annual report year: 1996

Applications of a system for two-channel auralization using ODEON-SOUND.
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Approximations in the PE-method: Phase and level errors in a downward refracting atmosphere
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

A sound intensity probe for measuring from 50 Hz to 10 kHz
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

A sound intensity probe for measuring from 50 Hz to 10 kHz
Publication: Research › Journal article – Annual report year: 1996

A study of online plant modelling methods for active control of sound and vibration
Laugesen, S. 1996 Inter-Noise 96 - Proceedings. St Albans: Institute of Acoustics, p. 1109-1114
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

A Time-Frequency Auditory Model Using Wavelet Packets
Publication: Research - peer-review › Journal article – Annual report year: 1996

Audibility of individual reflections in a complete sound field, III
Publication: Research - peer-review › Journal article – Annual report year: 1996

Bias errors in measurements of vibratory power
Publication: Research - peer-review › Report – Annual report year: 1996

Building Codes: Comparison between countries and future requirements
Rindel, J. H. & Rasmussen, B. 1996 In : Acustica. 82, Suppl. 1, p. 99-99
Publication: Research › Journal article – Annual report year: 1996

Diffraction and diffusion in room acoustics
Publication: Research › Article in proceedings – Annual report year: 1996

Energy distribution of structure-borne sound in three-dimensional structures
Publication: Research - peer-review › Report – Annual report year: 1996

Evaluation of Noise in Hearing Instruments Caused by GSM and DECT Mobile Telephones
Publication: Research - peer-review › Journal article – Annual report year: 1996
Exercise related to digital audio
Publication: Research - peer-review › Book – Annual report year: 1996

Exercise related to tape recorders
Publication: Research - peer-review › Book – Annual report year: 1996

Experiment with a real time power minimising active control system
Publication: Research - peer-review › Report – Annual report year: 1996

Extended version of a real time structural vibration active control system: Hardware requirements and software installation notes
Publication: Research - peer-review › Report – Annual report year: 1996

Final assessment of vibro-acoustic source strength descriptors of helicopter gearboxes
Publication: Research - peer-review › Report – Annual report year: 1996

Final report on development of adaptive control algorithm for active control of total power input
Publication: Research - peer-review › Report – Annual report year: 1996

Final technical report on development of adaptive control algorithm for active control of total power input
Publication: Research - peer-review › Report – Annual report year: 1996

Final technical report on the method of source strength descriptors
Publication: Research - peer-review › Report – Annual report year: 1996

Ground Attenuation of Railroad Noise
Makarewicz, R., Rasmussen, K. B. & Kokowski, P. 1996 In : Acustica. 82, p. 636-641
Publication: Research - peer-review › Journal article – Annual report year: 1996

Guide to exercise in Acoustic Communications
Han, L. A. & Poulsen, T. 1996
Publication: Research - peer-review › Book – Annual report year: 1996

Guide to Measurements on Hearing for grammar school pupils
Poulsen, T. 1996
Publication: Research - peer-review › Book – Annual report year: 1996

High convergence order finite elements with lumped mass matrix
Publication: Research - peer-review › Journal article – Annual report year: 1996

Højttalere
Publication: Research - peer-review › Book – Annual report year: 1996
How to take absorptive surfaces into account when designing outdoor sound reinforcement systems
Publication: Research - peer-review › Report – Annual report year: 1996

Investigations into the attenuation by screens under the influence of wind
Rasmussen, K. B. 1996 In : Acustica. 82, Suppl. 1, p. 127-127
Publication: Research › Journal article – Annual report year: 1996

Loudspeakers and their radiation
Publication: Research - peer-review › Book – Annual report year: 1996

Loudspeaker systems in rooms
Publication: Research - peer-review › Book – Annual report year: 1996

Lydfelter
Publication: Research - peer-review › Book – Annual report year: 1996

Measurements on Hearing
Poulsen, T. 1996
Publication: Research - peer-review › Book – Annual report year: 1996

Nonlinear Modelling of Low Frequency Loudspeakers: A More Complete Model
Publication: Research - peer-review › Report – Annual report year: 1996

Observations on the systematic deviations between the results of the conventional method and the sound intensity method of measuring transmission loss
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

OMNIDIRECTIONAL SOUND SOURCE
Polack, J-D. 1996
Publication: Research › Patent – Annual report year: 1996

Room acoustic enhancement in a small hall with very low natural reverberation time
Publication: Research › Article in proceedings – Annual report year: 1996

Room acoustic properties of concert halls: Quantifying the influence of size, shape, and absorption area
Publication: Research - peer-review › Journal article – Annual report year: 1996

Scale model investigations into the insertion loss of screens under the influence of wind
Publication: Research - peer-review › Journal article – Annual report year: 1996

Scattering as a key to improved room acoustic computer modelling
Publication: Research › Article in proceedings – Annual report year: 1996
Simultaneous measurements of room acoustic parameters using different measuring equipment
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Some consequences of including low frequencies in the evaluation of floor impact sound
Publication: Research - peer-review › Journal article – Annual report year: 1996

Sound propagation over screened ground under upwind conditions
Publication: Research - peer-review › Journal article – Annual report year: 1996

Static pressure and temperature coefficients of laboratory standard microphones
Publication: Research - peer-review › Journal article – Annual report year: 1996

Structureborne Sound
Ohlrich, M. 1996
Publication: Research - peer-review › Book – Annual report year: 1996

Temporal coherence of a soundfield in the turbulent atmosphere near the ground
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Temporal integration of loudness as a function of level
Publication: Research - peer-review › Journal article – Annual report year: 1996

The influence of low frequencies on the assessment of noise from neighbours
Publication: Research › Article in proceedings – Annual report year: 1996

The parabolic equation method for outdoor sound propagation
Publication: Research - peer-review › Book – Annual report year: 1996

The use of surface power for characterisation of structure-borne sound sources of low modal density
Publication: Research - peer-review › Article in proceedings – Annual report year: 1996

Timbral aspects of reproduced sound in small rooms. II
Publication: Research - peer-review › Journal article – Annual report year: 1996

Wohnungen für die Zukunft: Das Konzept des akustischen Komforts und welcher Schallschutz
Publication: Research › Journal article – Annual report year: 1996

Application of the PE method to up-slope sound propagation
Timbral aspects of reproduced sound in small rooms. I
Publication: Research - peer-review › Journal article – Annual report year: 1995

Model experiments related to outdoor propagation over an earth berm
Publication: Research - peer-review › Journal article – Annual report year: 1994

The vibrational source strength descriptor using power input from equivalent forces: a simulation study
Publication: Research - peer-review › Journal article – Annual report year: 1994

An investigation of the vibrational source strength descriptor by computer simulation: Source power for free and bi-coupled systems
Publication: Research › Report – Annual report year: 1993

Multichannel active control of random noise in a small reverberant room
Laugesen, S. & Elliott, S. J. 1993 In : IEEE transactions on speech and audio processing. 1, 2, p. 241-249
Publication: Research - peer-review › Journal article – Annual report year: 1993

Time-frequency analysis with temporal and spectral resolution as the human auditory system
Publication: Research - peer-review › Article in proceedings – Annual report year: 1992

Electroacoustical simulation of listening room acoustics for project ARCHIMEDES
Publication: Research - peer-review › Journal article – Annual report year: 1989

Can ensemble condition in a hall be improved and measured?
Publication: Research - peer-review › Conference abstract in journal – Annual report year: 1988

Comments on "Precise model measurements versus theoretical prediction of barrier insertion loss in presence of the ground" [J. Acoust. Soc. Am. 73, 44–54 (1983)]
Publication: Research - peer-review › Letter – Annual report year: 1983

Loudness of tone pulses in a free field
Publication: Research - peer-review › Journal article – Annual report year: 1981

Loudness of complex sounds as a function of the standard stimulus and the number of components
Publication: Research - peer-review › Journal article – Annual report year: 1978

Projects:

New methods for transducer calibration
Benefit provided by improved high frequency audibility: Possible involvement of acclimatisation and aetiology
Poulsen, T. & Vestergaard, M. D.
01/09/2000 → …
Project

CAHRISMA
Rindel, J. H., Gade, A. C., Christensen, C. L. & Weitze, C. A.
01/02/2000 → …
Project

Wave transmission in multi-panel structures
Ohlrich, M. & Nishino, H.
01/02/2000 → …
Project

Room acoustic measurements using Brüel and Kjær equipment
Gade, A. C.
01/09/1999 → …
Project

Adaptive equalisation of loudspeakers
Rasmussen, K. B. & Bright, A.
01/06/1999 → …
Project

Design for Transmission Noise Abatement (DETNA)
Ohlrich, M.
14/05/1999 → …
Project

Objective measures for listener envelopment
Gade, A. C.
01/03/1999 → 29/02/2000
Project

Range effects and re-calibration in loudness determinations
Poulsen, T.
15/01/1999 → …
Project

Intercomparison of calibration of artificial mastoids (EUROMET project no 401)
Rasmussen, K.
01/01/1999 → …
Project

Static pressure- and temperature coefficients of microphones
Rasmussen, K.
01/01/1999 → …
Project

Measurement of sound reduction using the intensity method
Jacobsen, F. & Machimbarrena, M.
