Amanda Lenzi - DTU Orbit (15/07/2018)

Amanda Lenzi

Publications:

Benefits of spatiotemporal modeling for short-term wind power forecasting at both individual and aggregated levels
Publication: Research - peer-review › Journal article – Annual report year: 2018

Very short-term spatio-temporal wind power prediction using a censored Gaussian field
Publication: Research - peer-review › Journal article – Annual report year: 2018

Analysis of aggregated functional data from mixed populations with application to energy consumption
Publication: Research - peer-review › Journal article – Annual report year: 2017

Spatial models for probabilistic prediction of wind power with application to annual-average and high temporal resolution data
Publication: Research - peer-review › Journal article – Annual report year: 2016

Statistical modelling of space-time processes with application to wind power.
Publication: Research › Ph.D. thesis – Annual report year: 2017

Projects:

Statistical modelling of space-time processes with
Project: PhD
