Publications:

*Adult and offspring size in the ocean: a database of size metrics and conversion factors*
Publication: Research - peer-review › Journal article – Annual report year: 2016

*Characteristic sizes of life in the oceans - from bacteria to whales*
Publication: Research - peer-review › Journal article – Annual report year: 2016

*Adult and offspring size in the ocean over 17 orders of magnitude follows two life history strategies*
Publication: Research - peer-review › Journal article – Annual report year: 2015

*Controlling factors in fish early life history and how they combine to influence trophic links across the North Atlantic Ocean.*
Publication: Research › Conference abstract for conference – Annual report year: 2015

*Explaining life history variation in a changing climate across a species' range*
Publication: Research - peer-review › Journal article – Annual report year: 2015

*Explaining variation in life history timing across a species range: Effects of climate on spawning time in an exploited marine fish*
Publication: Research › Conference abstract for conference – Annual report year: 2014

*Characteristic sizes of life in the oceans - from bacteria to whales*
Publication: Research › Conference abstract for conference – Annual report year: 2013

*Food for thought: Overconfidence in model projections*
Publication: Research - peer-review › Journal article – Annual report year: 2013
