Dines Bjørner - DTU Orbit (18/02/2018)

Bjørner, Dines
dibj@dtu.dk

Department of Applied Mathematics and Computer Science

Publications:

To every manifest domain a CSP expression – a rôle for mereology in computer science
Bjørner, D. 2018 In : Journal of Logical and Algebraic Methods in Programming. 94, p. 91-108
Publication: Research - peer-review › Journal article – Annual report year: 2018

Manifest domains: analysis and description
Publication: Research - peer-review › Journal article – Annual report year: 2017

40 years of formal methods
Publication: Research - peer-review › Article in proceedings – Annual report year: 2014

Domain Endurants: An Analysis and Description Process Model
Publication: Research - peer-review › Book chapter – Annual report year: 2014

A Survey of Formal Methods in Software Development
Publication: Research - peer-review › Article in proceedings – Annual report year: 2012

Specifying Geographic Information - Ontology, Knowledge Representation, and Formal Constraints
Publication: Research › Ph.D. thesis – Annual report year: 2007

Software Engineering, vol. 1: Abstraction and Modelling
Bjørner, D. 2006 Springer.
Publication: Research - peer-review › Book – Annual report year: 2006

Software Engineering, vol 2: Specification of Systems and Languages
Bjørner, D. 2006 Springer.
Publication: Research - peer-review › Book – Annual report year: 2006

Software Engineering, vol. 3: Domains, Requirements and Software Design
Bjørner, D. 2006 Springer.
Publication: Research - peer-review › Book – Annual report year: 2006

A Cloverleaf of Software Engineering
Publication: Research - peer-review › Article in proceedings – Annual report year: 2005

An Example Railway Domain
Publication: Research › Journal article – Annual report year: 2005
Multimodal Transportation Nets
Publication: Research › Journal article – Annual report year: 2005

Train Column
Bjørner, D. 2005 In : British Computer Society FACS FACTS. 1, p. 27-28
Publication: Research › Journal article – Annual report year: 2005

Train Column
Publication: Research › Journal article – Annual report year: 2005

Train Column
Publication: Research › Journal article – Annual report year: 2005

Construction informatics - Issues in engineering, computer science and ontology
Eir, A., Bjørner, D. & Galle, P. Jul 2004
Publication: Research › Ph.D. thesis – Annual report year: 2004

From Railway Resource Planning to Train Operation - a Brief Survey of Complementary Formalisations
Publication: Research - peer-review › Article in proceedings – Annual report year: 2004

The TRain Topical Day
Publication: Research - peer-review › Article in proceedings – Annual report year: 2004

Towards a Formal Model of CyberRail
Publication: Research - peer-review › Article in proceedings – Annual report year: 2004

UML-ising formal techniques
Publication: Research - peer-review › Book chapter – Annual report year: 2004

"UML-ising" Formal Techniques
Publication: Research - peer-review › Article in proceedings – Annual report year: 2004

An Ontology for a TripTych Formal Software Development
Publication: Research - peer-review › Article in proceedings – Annual report year: 2003

Domain Models of "The Market" - In Preparation for E-Commerce

Publication: Research - peer-review › Book chapter – Annual report year: 2003

Dynamics of Railway Nets: On an Interface between Automatic Control and Software Engineering

Publication: Research - peer-review › Article in proceedings – Annual report year: 2003

New Results and Trends in Formal Techniques for the Development of Software for Transportation Systems.

Publication: Research - peer-review › Article in proceedings – Annual report year: 2003

Railway Staff Rostering

Publication: Research - peer-review › Article in proceedings – Annual report year: 2003

The SE Book: Principles and Techniques of Software Engineering or or An ABZ of The Theory & Practice of Software Engineering
Bjørner, D. 2003 IMM (Electronic version).

Publication: Research - peer-review › Book – Annual report year: 2003

Towards Design Calculi for Requirements Engineering and Software Design

Publication: Research - peer-review › Article in proceedings – Annual report year: 2003

Train Maintenance Routing

Publication: Research - peer-review › Article in proceedings – Annual report year: 2003

What is a method? An Essay on some aspects of software engineering.

Publication: Research - peer-review › Book chapter – Annual report year: 2003

Computing Systems for Railways - A Role for Domain Engineering, Relations to Requirements Engineering and Software for Control Applications)

Publication: Research - peer-review › Article in proceedings – Annual report year: 2002

Domain Models of "The Market" - In Preparation for E-Transaction Systems

Publication: Research - peer-review › Article in proceedings – Annual report year: 2002

Some Thoughts on Teaching Software Engineering - Central Roles of Semantics.
Bjørner, D. 2002 Liber Amicorum: Professor Jaco de Bakker. Stichting Centrum voor Wiskunde en Informatica, p. 27-45

Publication: Research - peer-review › Article in proceedings – Annual report year: 2002
Domain Modelling: Resource Management: Strategics, Tactics and Operations
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Domain Modelling: Resource Management Strategics, Tactics & Operations, Decision Support and Algorithmic Software
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Domain Modelling: Resource Management Strategics, Tactics and Operations, Decision Support and Algorithmic Software
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Formal Software Techniques in Railway Systems
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Informatics: A Truly Interdisciplinary Science - Computing Science and Mathematics
Publication: Research › Article in proceedings – Annual report year: 2000

Informatics: A Truly Interdisciplinary Science Computing Science and Mathematics
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Informatics: A Truly Interdisciplinary Science Prospects for an Emerging World
Bjørner, D. 2000 Information Technology and Communication at the Dawn of the New Millenium. p. 71-84
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Informatics: A Truly Interdisciplinary Science Prospects for an Emerging World
Bjørner, D. 2000 Proc. AIT. Bangkok, Thailand
Publication: Research - peer-review › Article in proceedings – Annual report year: 2000

Pinnacles of Sofware Engineering: 25 Years of Formal Methods
Publication: Research - peer-review › Journal article – Annual report year: 2000

A Triptych Software Development Paradigm: Domain, Requirements and Software
Bjørner, D. 1999 In Honour of Hans Langmaack. Heidelberg; Springer Verlag, p. 29-60
Publication: Research - peer-review › Book chapter – Annual report year: 1999

Computing from Unconventional Viewpoints
Bjørner, D. 1999 Informatics - The Future of Information Society. Takatsuki, Osaka, Japan: School of Informatics, Kansai Univ., p. 87-114
Publication: Research - peer-review › Book chapter – Annual report year: 1999

Where do Software Architectures come from?: Systematic Development from Domains and Requirements. A
Publication: Research - peer-review › Journal article – Annual report year: 1999

Challenges in Domain Modelling: Algebraic or Otherwise
Publication: Research - peer-review › Book chapter – Annual report year: 1998
Challenges in Domain Modelling - Algebraic or Otherwise
Publication: Research - peer-review › Article in proceedings – Annual report year: 1998

Domains as a Prerequisite for Requirements and Software: Doain Perspectives and Facets, Requirements Aspects and Software Views
Publication: Research - peer-review › Article in proceedings – Annual report year: 1998

Formal Methods in the 21'st Century: An Assessment of Today - Predictions for the Future
Publication: Research › Article in proceedings – Annual report year: 1998

Issues in International Cooperative Research: Why not African, Asian and Latin American 'Esprits'?
Publication: Research - peer-review › Article in proceedings – Annual report year: 1998

Publication: Research - peer-review › Journal article – Annual report year: 1998

Where do software architectures come from ?: The Devt. of an Airline Time-table System
Bjørner, D. 1998 The JSSST Annual Conference. Tokyo, Japan: Japan Society for Software Science and technology
Publication: Research - peer-review › Book chapter – Annual report year: 1998

Publication: Research - peer-review › Article in proceedings – Annual report year: 1997

A Normative Model of Concrete Banking Operations
Bjørner, D. 1997
Publication: Research - peer-review › Report – Annual report year: 1997

Michael Jackson's Frame Problems
Publication: Research - peer-review › Article in proceedings – Annual report year: 1997

Scheduling and rescheduling of trains
Publication: Research - peer-review › Book chapter – Annual report year: 1997

Formal, Model-oriented Software Development Methods - From VDM to ProCoS & from RAISE to LaCoS
Publication: Research - peer-review › Journal article – Annual report year: 1991

Formalization of Database Models
Publication: Research - peer-review › Book chapter – Annual report year: 1982

Formalization of Database Systems – and a Formal Definition of (IMS)
Bjørner, D. & Levengreen, H. H. 1982 Eighth International Conference on Very Large Data Bases. p. 334-347
Publication: Research - peer-review › Article in proceedings – Annual report year: 1982
On a Formal Model of the Tasking Concepts of Ada
Publication: Research - peer-review › Article in proceedings – Annual report year: 1980

Projects:

Geodata-Infrastruktur
01/02/2002 → 01/08/2007
Project: PhD

Design og Anvendelse af en byggeontologi - Design and Application of a civil engineering Ontology
01/02/2001 → 05/07/2004
Project: PhD

AMORE
Bjørner, D.
01/04/2000 → 31/03/2003
Project

FMERail (ESPRIT Project EP26538)
Hansen, B. S., Bjørner, D. & Haxthausen, A. E.
01/01/1998 → 30/09/1999
Project

Domain and Requirements Engineering
Bjørner, D.
02/09/1997 → 01/07/2000
Project

RaCoSy: Railway Computing Systems
Bjørner, D.
02/09/1997 → 01/09/2000
Project

ATM'2000 - Air Traffic Management 2000
Bjørner, D.
02/07/1997 → 01/07/2000
Project

BanCS - Banking Computing Systems
Bjørner, D.
02/07/1997 → 01/07/2000
Project

MiTraS: Metropolitan Transport Systems
Bjørner, D.
02/07/1997 → 01/07/2000
Project

Software Architecture and Program Organisation
Bjørner, D.
02/07/1997 → 01/07/2000
Programudviklingsmodeller i et hypertekstbaseret informationssystem
Lange, D. B. & Bjørner, D.
01/07/1990 → …
Project: PhD

ProCoS - Provably Correct Systems
Bjørner, D.
01/09/1989 → 28/02/1992
Project
