Research outputs:

**Sustainability labelling as a tool for reporting the sustainable development impacts of climate actions relevant to Article 6 of the Paris Agreement**
Research output: Research - peer-review › Journal article – Annual report year: 2019

**Incorporating uncertainty in national-level climate change-mitigation policy: possible elements for a research agenda**
Research output: Research - peer-review › Journal article – Annual report year: 2019

Research output: Research - peer-review › Report – Annual report year: 2018

**Disentangling Distance and Country Effects on the Value of Conservation across National Borders**
Research output: Research - peer-review › Journal article – Annual report year: 2018

**Institutional capacities for NDC implementation: a guidance document**
Research output: Research - peer-review › Report – Annual report year: 2017

**International cooperative initiatives and the United Nations Framework Convention on Climate Change**
Research output: Research - peer-review › Journal article – Annual report year: 2018

**Sustainable Development Guidance. Guidance for assessing the environmental, social and economic impacts of policies and actions**
Research output: Research - peer-review › Report – Annual report year: 2018

**The accountability imperative for quantifying the uncertainty of emission forecasts: evidence from Mexico**
Research output: Research - peer-review › Journal article – Annual report year: 2018

**The mismatch between the in-country determinants of technology transfer, and the scope of technology transfer initiatives under the United Nations Framework Convention on Climate Change**
Research output: Research - peer-review › Journal article – Annual report year: 2018

**Sustainability labelling of climate mitigation actions relevant to Article 6 of the Paris Agreement**
Research output: Research - peer-review › Conference abstract in proceedings – Annual report year: 2017

**The accountability imperative for quantifying the uncertainty of emission forecasts: evidence from Mexico**
Research output: Research - peer-review › Conference abstract in proceedings – Annual report year: 2017
The impact of debiasing on uncertainty communication: an application to multi-criteria decision analysis in the area of climate change
Research output: Research - peer-review › Working paper – Annual report year: 2018

Bridging the gap – the role of non-state action
Research output: Research - peer-review › Report chapter – Annual report year: 2016

Joint Adaptation and Mitigation in Agriculture and Forestry
Research output: Research - peer-review › Working paper – Annual report year: 2016

Valuation of climate change mitigation co-benefits.
Research output: Research › Report – Annual report year: 2016

Reforming the CDM SD Tool. Recommendations for Improvement
Research output: Research › Report – Annual report year: 2015

Framework for measuring sustainable development in NAMAs
Research output: Research - peer-review › Book – Annual report year: 2015

Projects:

Project: Research

MRV of transformational change through NAMAs
Project: Research
