Publications:

**How to increase mussel longline production in Denmark?**

**General information**
State: Published  
Organisations: National Institute of Aquatic Resources, Danish Shellfish Centre  
Authors: Saurel, C. (Intern), Andersen, L. K. (Intern), Barreau, P. D. A. (Intern), Boesen, H. (Intern), Petersen, J. K. (Intern)  
Publication date: 2017  
Event: Abstract from Dansk Havforskningsmøde, Helsingør, Denmark.  
Main Research Area: Technical/natural sciences  
Publication: Research › Conference abstract for conference – Annual report year: 2017

**Mussel longline extension of the production season**

**General information**
State: Published  
Organisations: National Institute of Aquatic Resources, Danish Shellfish Centre  
Authors: Saurel, C. (Intern), Andersen, L. K. (Intern), Barreau, P. D. A. (Intern), Boesen, H. (Intern), Errard, M. (Intern), Nielsen, P. (Intern), Petersen, J. K. (Intern)  
Publication date: 2016  
Event: Abstract from Aquaculture Europe, Edinburgh, United Kingdom.  
Main Research Area: Technical/natural sciences  
Publication: Research › Conference abstract for conference – Annual report year: 2016

Projects:

**Mussel season prolongation (FOMUS) (39273)**
The overall objective of FOMUS is to increase the production of longline farmed mussels and ensure that a larger proportion of the increase in value of the primary product takes place in Danish companies.  
This is achieved through the development of new production methods with a focus on changing production cycle in order to extend the harvest season. Sales only cover a short period of time from June to August and the goal is to extend the season for 6-8 months.  
FOMUS covers the entire value chain and supports the development of sustainable mussel production.  
The project is funded by the Ministry of Environment and Food of Denmark through the Green Development and Demonstration Program (GUDP).  
This project is coordinated by DTU Aqua.  
National Institute of Aquatic Resources  
Danish Shellfish Centre  
Seafood Limfjord
Vilsund Blue
Period: 01/04/2015 → 01/06/2018
Number of participants: 8
Research area: Shellfish and Seaweed
Project participant:
Nielsen, Carsten Fomsgaard (Intern)
Boesen, Helge (Intern)
Barreau, Pascal David Alain (Intern)
Bak, Finn (Intern)
Andersen, Lars Kyed (Intern)
Nielsen, Pernille (Intern)
Project Manager, academic:
Saurel, Camille (Intern)
Project Coordinator:
Petersen, Jens Kjerulf (Intern)
