Regenerating the performance of solid oxide electrolyzers by periodic treatments to extend lifetime

Period: 13 Jun 2017
Christopher R. Graves (Speaker)
Theis Løye Skafte (Other)
Marco Marchese (Other)
Anne Hauch (Other)
Andrea Lanzini (Other)
Karin Vels Hansen (Guest lecturer)
Torben Jacobsen (Other)
Peter Blennow (Other)
Johan Hjelm (Other)

Solid State Chemistry
Department of Energy Conversion and Storage
Applied Electrochemistry
Imaging and Structural Analysis

Degree of recognition: International
