Massimo Rolle - Research outputs - DTU Orbit (19/11/2018)

Muniruzzaman, M & Rolle, M 2018, 'Coulombic effects during conservative and reactive transport of charged solutes in homogeneous and heterogeneous porous media: Experiments and modeling' InterPore 10th Annual Meeting and Jubilee , New Orleans, United States, 14/05/2018 - 17/05/2018, .

Rolle, M, Battistel, M, Onses, F & Lee, J 2018, 'Imaging the spatial distribution of geochemical heterogeneities in porous media: multidimensional flow-through experiments and inverse modeling' InterPore 10th Annual Meeting and Jubilee , New Orleans, United States, 14/05/2018 - 17/05/2018, .

Stolze, L, Muniruzzaman, M & Rolle, M 2018, 'Impact of surface complexation and electrostatic interactions during pH fronts propagation in silica porous media: Experiments and model-based interpretation' InterPore 10th Annual Meeting and Jubilee , New Orleans, United States, 14/05/2018 - 17/05/2018, .

Sprocati, R, Masi, M, Jin, B, Muniruzzaman, M & Rolle, M 2018, 'Modelling approach and benchmark experiments for Nernst-Plack-based transport, Coulombic interactions and geochemical reactions in saturated porous media' InterPore 10th Annual Meeting and Jubilee , New Orleans, United States, 14/05/2018 - 17/05/2018, .

Lee, J, Rolle, M & Kitanidis, P 2017, 'The impact of mass transfer limitations and heterogeneity contrasts on the parameterization of longitudinal dispersion in numerical models' 9th International Conference on Porous Media & Annual Meeting, Rotterdam, Netherlands, 08/05/2017 - 11/05/2017,

Binning, PJ, Trapp, S, Rolle, M & Vezzaro, L 2016, 'Bringing modelling to life: current research in an introductory MSc modelling course' 5th DTU Biennial for Teaching and Learning, Lyngby, Denmark, 17/11/2016 - 17/11/2016,

Rolle, M & Muniruzzaman, M 2016, 'Diffusion, Coulombic interactions and multicomponent ionic transport of charged species in saturated porous media' 9th International Association of Hydrological Sciences (IAHS) Groundwater Quality Conference (GQ16), Shenzhen, China, 24/06/2016 - 28/06/2016,

Grathwohl, P, Haberer, C, Ye, Y, Muniruzzaman, M & Rolle, M 2016, 'Diffusive-dispersive mass transfer in the capillary fringe: Impact of water table fluctuations and heterogeneities' 9th International Association of Hydrological Sciences (IAHS) Groundwater Quality Conference (GQ16), Shenzhen, China, 24/06/2016 - 28/06/2016,

Harry Lee, J, Rolle, M & Kitanidis, P 2016, 'How can we make Fickian dispersion models useful in practice?' AGU Fall meeting 2016, San Francisco, United States, 12/12/2016 - 16/12/2016,

Jin, B & Rolle, M 2016, 'Model-based integration of enantiomer and stable isotope fractionation for chiral pesticides degradation' JESIUM 2016 - Joint European Stable Idotopes User group Meeting, Gent, Belgium, 04/09/2016 - 09/09/2016,

Jin, B & Rolle, M 2016, 'Modeling position-specific isotope fractionation of organic micropollutants degradation via different reaction pathways' 9th International Association of Hydrological Sciences (IAHS) Groundwater Quality Conference (GQ16), Shenzhen, China, 24/06/2016 - 28/06/2016,

Rolle, M & Muniruzzaman, M 2016, 'Multicomponent ionic transport and pH fronts propagation' Goldschmidt Conference 2016, Yokohama, Japan, 26/06/2016 - 01/07/2016,

Jin, B & Rolle, M 2016, 'Position-specific isotope modeling of organic micropollutants transformation through different reaction pathways' Environmental Pollution, vol 210, pp. 94-103. DOI: 10.1016/j.envpol.2015.11.014

Muniruzzaman, M & Rolle, M 2015, 'Coulombic interactions and multicomponent ionic dispersion during transport of charged species in heterogeneous porous media' 7th International Conference on Porous Media & Annual Meeting, Padova, Italy, 18/05/2015 - 21/05/2015.

Haberer, CM, Rolle, M, Cirpka, OA & Grathwohl, P 2015, 'Impact of Heterogeneity on Oxygen Transfer in a Fluctuating Capillary Fringe' Ground Water, vol 53, no. 1, pp. 57–70. DOI: 10.1111/gwat.12149

Muniruzzaman, M & Rolle, M 2015, 'Impact of multicomponent ionic transport on pH fronts propagation in saturated porous media' Water Resources Research, vol 51, no. 8, pp. 6739-6755. DOI: 10.1002/2015wr017134

Rolle, M & Kitanidis, P 2015, 'Pore-scale analysis on the effects of compound-specific dilution on transient transport and solute breakthrough' 7th International Conference on Porous Media & Annual Meeting, Padova, Italy, 18/05/2015 - 21/05/2015.
