Dipole vortices in the Great Australian Bight
Publication: Research - peer-review › Journal article – Annual report year: 2015

Spreading of sediment due to underwater blasting and dredging: Field observations from quay Construction in Sisimiut, Greenland
Publication: Research - peer-review › Journal article – Annual report year: 2015

Deep primary production in coastal pelagic systems: importance for ecosystem functioning
Publication: Research - peer-review › Journal article – Annual report year: 2015

Localised mixing and heterogeneity in the plankton food web in a frontal region of the Sargasso Sea: implications for eel early life history?
Publication: Research - peer-review › Journal article – Annual report year: 2014

Removal of snow cover inhibits spring growth of Arctic ice algae through physiological and behavioral effects
Publication: Research - peer-review › Journal article – Annual report year: 2014

Estuarine morphometry governs optically active substances, $K_d$(PAR) and beam attenuation: assessments from a tropical ria and a temperate coastal plain estuary
Publication: Research - peer-review › Journal article – Annual report year: 2013

Jokulhlaups and sediment transport in Watson River, Kangerlussuaq, West Greenland
Publication: Research - peer-review › Journal article – Annual report year: 2013

Observations of runoff and sediment and dissolved loads from the Greenland Ice Sheet at Kangerlussuaq, West Greenland, 2007 to 2010
Publication: Research - peer-review › Journal article – Annual report year: 2012

Photobiology of sea ice algae during initial spring growth in Kangerlussuaq, West Greenland: Insights from imaging variable chlorophyll fluorescence of ice cores
Publication: Research - peer-review › Journal article – Annual report year: 2012

Distribution and trophic links of gelatinous zooplankton on Dogger Bank, North Sea
Publication: Research - peer-review › Journal article – Annual report year: 2012

Kangerluarsuk Ungalleq - et makroskala-studium af fremtidige klimaeffekter i det arktiske marine miljø
Publication: Research › Conference abstract for conference – Annual report year: 2011

Økologi i tropernes flodmundinger: Kultursystem med moderat 'naturindflydelse': Eksempelstudie fra et sydvietnamesisk estuarie
Publication: Research › Conference abstract for conference – Annual report year: 2011

Towards an adaptive model for simulating growth of marine mesozooplankton: A macromolecular perspective
Publication: Research - peer-review › Journal article – Annual report year: 2011

A Decoupled Fjord-ocean System - Observations And Modelling Of Kangerlussuaq, Greenland
Publication: Research - peer-review › Conference abstract for conference – Annual report year: 2010
Introduction to University Of The Arctic's Thematic Network on Arctic Engineering And Science

Low-density flocs in an Arctic fjord, Kangerlussuaq, West Greenland

Optical properties of a tropical estuary during wet and dry conditions in the Nha Phu estuary, Khanh Hoa Province, southeast Vietnam

Sediment structures in Kangerlussuaq (Sdr. Strømfjord), West Greenland: A preliminary study of the deposition and erosion of sediments and slide structures

Suspended Matter, Chl-a, CDOM, Grain Sizes, and Optical Properties in the Arctic Fjord-Type Estuary, Kangerlussuaq, West Greenland During Summer

Water masses in Kangerlussuaq, a large fjord in West Greenland: the processes of formation and the associated foraminiferal fauna

Observations and effects of internal hydraulic control in the Danish waters

Sedimentation of fine-grained particles in the arctic fjord Kangerlussuaq – modeling and observations

The Climate Record in Kangerlussuaq

The Lighthouse Project in Sarfannguaq

University of the Arctic’s Thematic Network on Arctic Engineering and Science

A consistent high primary production and chlorophyll-a maximum in a narrow strait – effects of hydraulic control

Attenuation, absorption, scattering, and high reflectance in the glacio-marine Kangerlussuaq Fjord, West Greenland

Feasibility study for small-scale hydropower in Sarfannguaq, West Greenland

Forskningsprojekt fra idé til virkelighed
Klimaets fodspor i mudderet
Publication: Communication › Journal article – Annual report year: 2008

Mega-banker i Great Australian Bight; økologi eller fysik
Publication: Research › Conference abstract for conference – Annual report year: 2008

Nutrient and phytoplankton dynamics influenced by hydraulic control in the Little Belt, Denmark
Publication: Research - peer-review › Journal article – Annual report year: 2008

Oceanographic conditions in the Great Australian Bight. Leg 8 of the Galathea 3 Expedition, November 2006
Publication: Research › Conference abstract for conference – Annual report year: 2008

Physical oceanographic conditions and recent foraminifera in Kangerlussuaq, in large fjord in West Greenland
Publication: Research › Conference abstract for conference – Annual report year: 2007

Recent foraminifera and physical oceanographic conditions in Kangerlussuaq, in large fjord in West Greenland
Publication: Research › Poster – Annual report year: 2007

A consistent high primary production and chlorophyll-a maximum in a narrow strait – Effects of hydraulic control
Publication: Research › Poster – Annual report year: 2006

Fyrtånsbygd - 083 Sarfannguaq: Forprojekt
Publication: Research › Report – Annual report year: 2006

Physical oceanographic conditions in West Greenland with reference to environmental issues
Publication: Research › Article in proceedings – Annual report year: 2006

The influence of hydraulic control on nutrient and phytoplankton dynamics in the Little Belt
Publication: Research › Poster – Annual report year: 2006

Transport and hydraulically-induced recycling of phosphorous in the North Sea-Baltic Sea transition zone
Publication: Research - peer-review › Journal article – Annual report year: 2006

Udnyttelse af vedvarende energikilder: Vandkraft
Publication: Research › Paper – Annual report year: 2006

Vind- og solprojekt i Uummannap Kommunia: Forprojekt
Publication: Research › Report – Annual report year: 2006

Chlorophyll maximum in the Little Belt – the effect of hydraulic control?
Publication: Research › Conference abstract for conference – Annual report year: 2005

Havets græsmark vokser ujævnt: Om strøm og algevækst i Lillebælt
Publication: Communication › Journal article – Annual report year: 2005

Hydraulic control in the Little Belt – indications and effects
Publication: Research › Conference abstract for conference – Annual report year: 2005

Mixing and entrainment in hydraulically-driven, stratified sill flows
Publication: Research - peer-review › Conference abstract in proceedings – Annual report year: 2005
The influence of the hydrography on the transport of nutrients in the Little Belt
Publication: Research › Poster – Annual report year: 2005

The Little Belt 2004
Publication: Research › Report – Annual report year: 2005

Intern hydraulisk kontrol og blanding i Øresund og Lillebælt
Publication: Research › Sound/Visual production (digital) – Annual report year: 2004

Mixing and entrainment in hydraulically driven stratified sill flows
Publication: Research › Journal article – Annual report year: 2004

Mixing and entrainment in hydraulically-driven, stratified sill flows
Publication: Research › Journal article – Annual report year: 2004

Mixing and entrainment in hydraulically-driven, stratified sill flows
Publication: Research › Conference abstract for conference – Annual report year: 2004

Strøm, blanding og primær-produktion i Lillebælt
Publication: Research › Sound/Visual production (digital) – Annual report year: 2004

Evidence for internal hydraulic control in the northern Øresund
Publication: Research › Journal article – Annual report year: 2001

Modelling thermal stratification in the North Sea: Application of a 2-D potential energy model
Publication: Research › Journal article – Annual report year: 2001

Rotational Baroclinic Adjustment: Surface Fronts in the Kattegat
Publication: Research › Book – Annual report year: 1998

Projects:

Fate and distribution of mine tailings in marine sediments – a pilot study on the effects of geochemistry and organisms
Project

Erosion, transport og aflejring af glaciale sedimenter ved Kangerlussuaq, Grønland
Project: PhD

Hydro Power Potentials in Southern Greenland
Project: PhD

Climate Change : Adapting to The Impacts, by Communities in Northern Peripheral Regions
Project

Dynamics of the seas and straits around Denmark
Project

The coupling between the dynamics and the biology in the North Sea
Project
The dynamics of large baroclinic currents
Project

The hydraulics of channels influenced by rotation of the earth
Project

Overfladefronters dynamik og biologi
Project: PhD
