Equilibrium Sampling through Membranes: Oprensning og opkoncentrering af polære stoffer med hollow fibers
Publication: Research › Poster – Annual report year: 2004

Towards continuous exposure measurements of polar organic priority pollutants
Publication: Research › Poster – Annual report year: 2004

Equilibrium Sampling Devices
Publication: Research - peer-review › Journal article – Annual report year: 2003

Marin recipientundersøgelse ved Thule Air Base 2002
Publication: Research - peer-review › Report – Annual report year: 2003

Measured Pore-Water Concentrations Make Equilibrium Partitioning Work: A Data Analysis
Publication: Research - peer-review › Journal article – Annual report year: 2003

SPME-Measurements of Freely Dissolved Concentration of Hydrophobic Organic Compounds in the Microtox Solid Phase Test
Publication: Research › Poster – Annual report year: 2002

Algal growth inhibition test in filled, closed bottles for volatile and sorptive materials
Publication: Research - peer-review › Journal article – Annual report year: 2000

Accumulation and toxicity of lipophilic organic chemicals in phytoplankton algae and Daphnia, and partitioning of such compounds between water, particulates, and third phases of colloid and dissolved organic material
Publication: Research › Book chapter – Annual report year: 1998

Influence of growth conditions on the results obtained in algal toxicity testing
Publication: Research - peer-review › Journal article – Annual report year: 1998

Toxic cell concentrations of three polychlorinated biphenyl congeners in the green alga Selenastrum Capricornutum
Publication: Research › Book chapter – Annual report year: 1998

A simple in vitro fluorescence method for biomass measurements in algal growth inhibition tests
Publication: Research - peer-review › Journal article – Annual report year: 1997

Publication: Research - peer-review › Book chapter – Annual report year: 1997

Growth inhibition of green alga S. capricornutum related to critical body burdens of PAHs and PCBs. (Abstract No. PWA124)
Publication: Research - peer-review › Book chapter – Annual report year: 1997

Influence of growth conditions on the results obtained in algal toxicity tests. (Abstract No. PHA105)
Publication: Research - peer-review › Book chapter – Annual report year: 1997

Projects:

Mixture Effects in Biodegradation Testing of Aromatic and Aliphatic Hydrocarbons
Project: PhD

The effect of sorption and dosing on the degradation of poorly water soluble substances in different environmental matrices using standard OECD guidelines
Linking the exposure and effects of organic chemical mixtures to their equilibrium partitioning concentrations in lipids
Project: PhD

Micropollutants removal for hospital wastewater
Project: PhD

Aquatic toxicity testing for hazard identification of engineered nanoparticles
Project: PhD

Improving the exposure basis of toxicological research on persistent organic pollutants and their mixtures
Project: PhD

Investigating the feasibility of phytoremediation and phytoscreening
Project: PhD

Bioaccumulation and toxicity of lipophilic chemical in algae, crustaceans and fish
Project

Activities:

7th SETAC World Congress
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

7th SETAC World Congress
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

7th SETAC World Congress
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

7th SETAC World Congress
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

7th SETAC World Congress
Activity: Talks and presentations › Conference presentations

Developing a strategy to improve the environmental risk assessment of difficult to test multi-component substances
Activity: Talks and presentations › Guest lectures, external teaching and course activities at other universities

International Society of Exposure Science
Activity: Talks and presentations › Conference presentations

International Society of Exposure Science 26th Annual Meeting - ISES2016
Activity: Talks and presentations › Conference presentations

Congressi Stefano Franscini
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

SETAC Europe 26th Annual Meeting
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.
SETAC Europe 26th Annual Meeting
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

SETAC
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

SETAC
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

SETAC
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

SETAC
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

SETAC
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Foundational aspects of the concept of chemical activity
Activity: Talks and presentations › Conference presentations

Equilibrium Sampling of Hydrophobic Organic Contaminants in Sediment
Activity: Talks and presentations › Conference presentations

ICCA-LRI and JRC Workshop 2014
Activity: Talks and presentations › Conference presentations
