Context-dependent individual behavioral consistency in Daphnia
Publication: Research - peer-review › Journal article – Annual report year: 2017

Adult and offspring size in the ocean: a database of size metrics and conversion factors
Publication: Research - peer-review › Journal article – Annual report year: 2016

Characteristic sizes of life in the oceans - from bacteria to whales
Publication: Research - peer-review › Journal article – Annual report year: 2016

Adult and offspring size in the ocean over 17 orders of magnitude follows two life history strategies
Publication: Research - peer-review › Journal article – Annual report year: 2015

Fitness costs and benefits of ultraviolet radiation exposure in marine pelagic copepods
Publication: Research - peer-review › Journal article – Annual report year: 2013

Marine copepods and solar radiation
Publication: Research - peer-review › Book chapter – Annual report year: 2014

Plankton beskytter sig med solcreme
Publication: Communication › Internet publication – Annual report year: 2013

Fish-mediated trait compensation in zooplankton
Publication: Research - peer-review › Journal article – Annual report year: 2012
Rapid enzymatic response to UV stress in zooplankton
Publication: Research - peer-review › Journal article – Annual report year: 2012

Climate induced glacial meltwater turbidity affect vertical position and community composition of phytoplankton and zooplankton
Publication: Research - peer-review › Journal article – Annual report year: 2011

Foraging success of juvenile pike Esox lucius depends on visual conditions and prey pigmentation
Publication: Research - peer-review › Journal article – Annual report year: 2011

Glacial clay affects foraging performance in a Patagonian fish and cladoceran
Publication: Research - peer-review › Journal article – Annual report year: 2011

High zooplankton diversity in the extreme environments of the McMurdo Dry Valley lakes, Antarctica
Publication: Research - peer-review › Journal article – Annual report year: 2011

UV protective compounds transferred from a marine dinoflagellate to its copepod predator
Publication: Research - peer-review › Journal article – Annual report year: 2010

Vertical migration mitigates UV effects on zooplankton community composition
Publication: Research - peer-review › Journal article – Annual report year: 2011

Complementary UV protective compounds in zooplankton
Publication: Research - peer-review › Journal article – Annual report year: 2009

Effects of ultraviolet radiation on pigmentation, photoenzymatic repair, behavior, and community ecology of zooplankton
Publication: Research - peer-review › Journal article – Annual report year: 2009

Size-structured risk assessments govern Daphnia migration
Publication: Research - peer-review › Journal article – Annual report year: 2009

Zooplankton vertical migration and plasticity of pigmentation arising from simultaneous UV and predation threats
Hylander, S., Larsson, N. & Hansson, L-A. 2009 In : Limnology and Oceanography. 54, p. 483-491
Publication: Research - peer-review › Journal article – Annual report year: 2009

Escape from UV threats in zooplankton: A cocktail of behavior and protective pigmentation
Publication: Research - peer-review › Journal article – Annual report year: 2007
