Differentiation between serological responses to Brucella suis and Yersinia enterocolitica serotype O:9 after natural or experimental infection in pigs
Research output: Research - peer-review › Journal article – Annual report year: 2006

Disseminated Mycobacterium celatum infection in a white-tailed trogon (Trogon viridis)
Research output: Research - peer-review › Journal article – Annual report year: 2006

Differences in serum antibody responses between pigs experimentally infected with Brucella suis biovar 2 and Yersinia enterocolitica serotype O:9
Research output: Research - peer-review › Paper – Annual report year: 2003

Cross-protective immune responses to Yersinia enterocolitica O:3 and O:9 serotypes are dependent on Yop protein expression
Research output: Research - peer-review › Poster – Annual report year: 2002

Paratuberkulose. Diagnostiske metoder (en oversigt)
Research output: Research › Article in proceedings – Annual report year: 2001

Detection of Mycobacterium avium subsp. paratuberculosis in milk from clinically affected cows by PCR and culture
Research output: Research - peer-review › Conference article – Annual report year: 2000

De klassiske zoonoser
Research output: Research - peer-review › Journal article – Annual report year: 1999

Detection of Mycobacterium avium subsp. paratuberculosis in Milk from Clinically Affected Cows by PCR and culture
Research output: Research - peer-review › Article in proceedings – Annual report year: 1999

Typing of clinical Mycobacterium avium complex strains cultured during a 2-year period in Denmark by using IS1245
Research output: Research - peer-review › Journal article – Annual report year: 1999

Brucellosis in European brown hares (Lepus europaeus) in Denmark. A reservoir for porcine brucellosis?
Research output: Research - peer-review › Conference abstract for conference – Annual report year: 1998

A preliminary study on the pathogenicity of Bacillus licheniformis bacteria in immunodepressed mice
Research output: Research - peer-review › Journal article – Annual report year: 1997

Crohn’s sygdom og paratuberkulose
Research output: Research › Journal article – Annual report year: 1997

Cultivation of Mycobacterium paratuberculosis in Dubos broth combined with PCR
Research output: Research - peer-review › Article in proceedings – Annual report year: 1997

Diagnostic studies of abortion in Danish dairy herds
Research output: Research - peer-review › Journal article – Annual report year: 1997
Distribution of serotypes, IS901 and a 40 kDa protein in Mycobacterium avium complex strains isolated from man and animals in Denmark
Research output: Research - peer-review › Journal article – Annual report year: 1997

Immunological detection of sheep experimentally infected with strains of Mycobacterium avium subspecies containing insertion sequence IS901/IS902 and a 40 kDa protein
Research output: Research - peer-review › Journal article – Annual report year: 1997

Ny mistanke: Kan paratuberkulose smitte mennesker
Research output: Research › Journal article – Annual report year: 1997

Paratuberkulose
Research output: Research › Article in proceedings – Annual report year: 1997

Distribution of insertion sequence IS901 and a 40kD protein in Mycobacterium avium strains
Research output: Research - peer-review › Article in proceedings – Annual report year: 1995

Isolation of Mycobacterium paratuberculosis using Dubos medium combined with ELISA and PCR
Research output: Research - peer-review › Article in proceedings – Annual report year: 1995

Rapport om zoonoserisiko i danske udendørs svinehold
Research output: Research › Report – Annual report year: 1995

Two markers, IS901-IS902 and p40, identified by PCR and by using monoclonal antibodies in Mycobacterium avium strains
Research output: Research - peer-review › Journal article – Annual report year: 1995

Serovars of Mycobacterium avium Complex isolated from patients in Denmark
Research output: Research - peer-review › Journal article – Annual report year: 1994

Debatindlæg om Paratuberkulose
Research output: Communication › Contribution to newspaper - Newspaper article – Annual report year: 1993

Distribution of the insertion sequence IS901 and a 40kD protein antigen (p40) in strains of Mycobacterium avium ssp
Research output: Research - peer-review › Conference abstract for conference – Annual report year: 1993

Identification of Actinobacillus pleuropneumoniae serotype 2 by monoclonal or polyclonal antibodies in latex agglutination tests
Research output: Research - peer-review › Journal article – Annual report year: 1993

Monoclonal antibodies against a 40 kD protein (p40) from Mycobacterium avium ssp silvaticum and development of a blocking ELISA
Research output: Research - peer-review › Conference abstract for conference – Annual report year: 1993

Serovars of Mycobacterium avium Complex isolated from patients in Denmark
Research output: Research - peer-review › Conference abstract for conference – Annual report year: 1993
