Publications:

Accuracy of food photographs for quantifying food servings in a lunch meal setting among Danish children and adults
Publication: Research - peer-review › Journal article – Annual report year: 2018

Food groups for allergen risk assessment: Combining food consumption data from different countries in Europe
Publication: Research - peer-review › Journal article – Annual report year: 2018

Modelling of adequate and safe vitamin D intake in Danish women using different fortification and supplementation scenarios to inform fortification policies
Publication: Research - peer-review › Journal article – Annual report year: 2018

Vitamin D vitamers affect vitamin D status differently in young healthy males
Publication: Research - peer-review › Journal article – Annual report year: 2018

A procedure for grouping food consumption data for use in food allergen risk assessment
Publication: Research - peer-review › Journal article – Annual report year: 2017

Comparison between analyzed and calculated nutrient content of fast foods using two consecutive versions of the Danish food composition databank: FOODCOMP and FRIDA
Publication: Research - peer-review › Journal article – Annual report year: 2017

Intake and sources of gluten in 20- to 75-year-old Danish adults: a national dietary survey
Publication: Research - peer-review › Journal article – Annual report year: 2015

Danskernes kostvaner nu og i fremtiden
Publication: Research - peer-review › Journal article – Annual report year: 2016

De fleste får nok vitamer og mineraler fra kosten alene
Publication: Research - peer-review › Journal article – Annual report year: 2016

Køds rolle i kosten
Publication: Commissioned - peer-review › Report – Annual report year: 2016

Relative validity of a web-based food frequency questionnaire for patients with type 1 and type 2 diabetes in Denmark
Publication: Research - peer-review › Journal article – Annual report year: 2016
The New version of Danish food composition database FRIDA including a case study on recipe calculation compared to a chemical analysis
Publication: Research - peer-review › Conference abstract for conference – Annual report year: 2016

Validation of Reported Whole-Grain Intake from a Web-Based Dietary Record against Plasma Alkylresorcinol Concentrations in 8- to 11-Year-Olds Participating in a Randomized Controlled Trial
Publication: Research - peer-review › Journal article – Annual report year: 2016

Variation in modelled healthy diets based on three different food patterns identified from the Danish national diet – and the impact on carbon footprint Nordic Nutrition Conference, Gothenburg 2016 (poster)
Publication: Research - peer-review › Poster – Annual report year: 2016

Accuracy of self-reported intake of signature foods in a school meal intervention study: comparison between control and intervention period
Publication: Research - peer-review › Journal article – Annual report year: 2015

Cumulative dietary exposure of the population of Denmark to pesticides.
Publication: Research - peer-review › Journal article – Annual report year: 2015

Danskernes kostvaner 2011-2013
Publication: Research › Report – Annual report year: 2015

Dietary exposure to volatile and non-volatile N-nitrosamines from processed meat products in Denmark
Publication: Research - peer-review › Journal article – Annual report year: 2015

Dietary intake and sources of vitamin D in Pakistani immigrants living in Copenhagen
Publication: Research - peer-review › Conference abstract in journal – Annual report year: 2016

Effects of school meals based on the New Nordic Diet on intake of signature foods: a randomised controlled trial. The OPUS School Meal Study
Publication: Research - peer-review › Journal article – Annual report year: 2015

Helhedssyn på nødder: en risk-benefit vurdering
Publication: Research › Report – Annual report year: 2015

Køn- og aldersfordeling hos patienter i fødevarebårne udbrud anvendt til hypotesegenerering i udbrudsefterforskningen: Danske fødevarebårne udbrud med kendt kilde
Publication: Research › Report – Annual report year: 2015

Polycyclic aromatic hydrocarbons (PAH) in Danish barbecued meat
Publication: Research - peer-review › Journal article – Annual report year: 2015

Potentiel effekt af at spise Nøglehulsmærkede produkter: fokus på indtag af næringsstoffer og fuldkorn
Publication: Research › Report – Annual report year: 2015
Relative validity of a semi-quantitative, web-based FFQ used in the ‘Snart Forældre’ cohort – a Danish study of diet and fertility
Publication: Research - peer-review › Journal article – Annual report year: 2015

What do Danish children eat, and does the diet meet the recommendations?: Baseline data from the OPUS School Meal Study
Publication: Research - peer-review › Journal article – Annual report year: 2015

Danskernes fuldkornsindtag 2011-2013
Publication: Research - peer-review › Journal article – Annual report year: 2014

Dietary effects of introducing school meals based on the New Nordic Diet: a randomised controlled trial in Danish children. The OPUS School Meal Study
Publication: Research - peer-review › Journal article – Annual report year: 2014

Effectiveness of offering healthy labelled meals in improving the nutritional quality of lunch meals eaten in a worksite canteen
Publication: Research - peer-review › Journal article – Annual report year: 2014

Identifying dietary patterns and associated health-related lifestyle factors in the adult Danish population.
Publication: Research - peer-review › Journal article – Annual report year: 2014

Towards harmonized data interchange in food consumption data
Publication: Research - peer-review › Journal article – Annual report year: 2014

WebDASC: a web-based dietary assessment software for 8-11-year-old Danish children
Publication: Research - peer-review › Journal article – Annual report year: 2012

Chemical Contaminants. Food monitoring 2004-2011
Publication: Research › Report – Annual report year: 2013

Comparison of estimated energy intake in children using a Web-based Dietary Assessment Software with accelerometer-estimated energy expenditure in children
Publication: Research - peer-review › Journal article – Annual report year: 2014

Danskernes fuldkornsindtag 2011-2012
Publication: Research › Journal article – Annual report year: 2013

Danskernes kostvaner: Spæd- og småbørn 2006-2007
Publication: Research › Report – Annual report year: 2013

Dietary intake and main sources of plant lignans in five European countries
Publication: Research - peer-review › Journal article – Annual report year: 2013

Dietary patterns and associated health-related lifestyle factors in Denmark
Publication: Research - peer-review › Poster – Annual report year: 2013

Evaluation of Web-based Dietary Assessment Software for Children: comparing reported fruit, juice and vegetable intakes with plasma carotenoid concentration and school lunch observations
Publication: Research - peer-review › Journal article – Annual report year: 2012
Danish Monitoring System for Foods 1998-2003: Content of As, Cd, Hg, Ni, Pb, and Se and Dietary Intake by Children and Adults
Publication: Research › Book chapter – Annual report year: 2007

Iodine content in bread and salt in Denmark after iodization and the influence on iodine intake
Publication: Research › peer-review › Journal article – Annual report year: 2007

Component based input of composite foods in selfadminstred dietary intakes recordings
Publication: Research › Poster – Annual report year: 2006

Probabilistic dietary exposure assessment of Danish consumers to dithiocarbamate residues in food
Publication: Research › Sound/Visual production (digital) – Annual report year: 2006

Forslag til retningslinjer for sund kost i skoler og institutioner
Publication: Research › Report – Annual report year: 2005

Danskernes kostvaner 2000-2002: Hovedresultater
Publication: Research › Report – Annual report year: 2005

Mad på arbejde - Metode, forløb og evaluering af projektet
Publication: Research › Report – Annual report year: 2005

Vitamin D intake and status of Pakistani immigrants in Denmark
Publication: Research › Conference abstract for conference – Annual report year: 2004

Vitamin D intake in Danish pubertal girls
Publication: Research › Conference abstract for conference – Annual report year: 2004

Helhedssyn på fisk og fiskevarer
Publication: Research › Report – Annual report year: 2003

Om kostundersøgelsen
Publication: Research › Report – Annual report year: 2002

Projects:

Modelling allergenic risk
Project: PhD

Integrated Approaches to Food Allergen and Allergy Risk Management
Project

The role of dairy products in future healthy and sustainable diets
Project

The Danish National Survey on Diet and Physical Activity
Project

Dietary Exposure Assessments for Children in Europe – EXPOCHI
Project
The European Food Information Resource Network, EUROFIR Project

Activities:

The New version of Danish food composition database FRIDA including a case study on recipe calculation compared to a chemical analysis.
Activity: Talks and presentations › Conference presentations
