A method for the chemical modification of polychlorinated biphenyls for improved affinity towards noble metal surfaces. - DTU Orbit (09/02/2019)
Rindzevicius, Tomas (Inventor) ; Boisen, Anja (Inventor) ; Schmidt, Michael Stenbæk (Inventor) ; Barten, Jan Alexander (Inventor) ; Vorobiev, Mikhail (Inventor). / A method for the chemical modification of polychlorinated biphenyls for improved affinity towards noble metal surfaces. IPC No.: G01N 33/00 A I. Patent No.: WO2015189262. Dec 17, 2015.
