Acquisition of docetaxel resistance in breast cancer cells reveals upregulation of ABCB1 expression as a key mediator of resistance accompanied by discrete upregulation of other specific genes and pathways.

Acquisition of docetaxel resistance in breast cancer cells reveals upregulation of \textit{ABCB1} expression as a key mediator of resistance accompanied by discrete upregulation of other specific genes and pathways. / Ninel Hansen, Stine; Westergaard, David; Borg Houlberg Thomsen, Mathilde; Vistesen, Mette; Nguyen Do, Khoa; Fogh, Louise; Belling, Kirstine C.; Wang, Jun; Yang, Huanming; Gupta, Ramneek; Ditzel, Henrik Jørn; Moreira, José; Brünner, Nils; Stenvang, Jan; Schrohl, Anne-Sofie.
