Electroluminescence enhancement for near-ultraviolet light emitting diodes with graphene/AZO-based current spreading layers - DTU Orbit (13/12/2018)
Lin, Li ; Ou, Yiyu ; Zhu, Xiaolong ; Herstrøm, Berit ; Jensen, Flemming ; Ou, Haiyan. / Electroluminescence enhancement for near-ultraviolet light emitting diodes with graphene/AZO-based current spreading layers. Abstract from 6th International Conference on Light-Emitting Devices and Their Industrial Applications, Kanagawa, Japan. 2 p.
