Evaluation of surface roughness and geometrical characteristic of additive manufacturing inserts for precision injection moulding - DTU Orbit (01/01/2019)

Davoudinejad, Ali; Charalambis, Alessandro; Pedersen, David Bue; Tosello, Guido. / Evaluation of surface roughness and geometrical characteristic of additive manufacturing inserts for precision injection moulding. Paper presented at 33rd International Conference of the Polymer Processing Society (PPS-33), Cancun, Mexico. 5 p.
