Evaluation of surface roughness and geometrical characteristic of additive manufacturing inserts for precision injection moulding - DTU Orbit (03/12/2018)

Davoudinejad, Ali ; Charalambis, Alessandro ; Pedersen, David Bue ; Tosello, Guido. / Evaluation of surface roughness and geometrical characteristic of additive manufacturing inserts for precision injection moulding. Paper presented at 33rd International Conference of the Polymer Processing Society (PPS-33), Cancun, Mexico. 5 p.
