Fabrication and Characterizations of Materials and Components for Intermediate Temperature Fuel Cells and Water Electrolysers - DTU Orbit (01/12/2018)
Jensen, Annemette Hindhede ; Prag, Carsten Broson ; Li, Qingfeng ; Christensen, Erik ; Bjerrum, Niels J. Fabrication and Characterizations of Materials and Components for Intermediate Temperature Fuel Cells and Water Electrolysers. Poster session presented at International Symposium on Water Electrolysis and Hydrogen as part of the future Renewable Energy System, Copenhagen, Denmark. 1 p.
