Internal Fiber Structure of a High-Performing, Additively Manufactured Injection Molding Insert - DTU Orbit (11/12/2018)

Internal Fiber Structure of a High-Performing, Additively Manufactured Injection Molding Insert, / Hofstätter, Thomas; Baier, Sina; Trinderup, Camilla H.; Gundlach, Carsten; Pedersen, David B.; Tosello, Guido; Hansen, Hans N. 2018. Paper presented at 34th International Conference of the Polymer Processing Society, Taipei, Taiwan, Province of China.

Research output: Research - peer-review › Paper – Annual report year: 2018
