Quantifying Biochemical Activities in Living Cells with 13C dDNP NMR - DTU Orbit

Quantifying Biochemical Activities in Living Cells with $^{13}$C dDNP NMR. / Jensen, Pernille Rose; Karlsson, Magnus; Capozzi, Andrea; Ardenkjær-Larsen, Jan Henrik; Lerche, Mathilde Hauge.
2017. Abstract from International Society of Magnetic Resonance
, Quebec City, Canada.

Research output: Research - peer-review › Conference abstract for conference – Annual report year: 2017
