Research outputs:

Inspiration and ideas - One helath integration in surveillance
Research output: Book/Report › Report – Annual report year: 2019 › Commissioned

A new methodology for modelling of health risk from urban flooding exemplified by cholera: Case Dhaka, Bangladesh
Research output: Contribution to journal › Journal article – Annual report year: 2015 › Research › peer-review

Annual Report on Zoonoses in Denmark 2017
Research output: Book/Report › Report – Annual report year: 2018 › Research › peer-review

Grant agreement for piloting the Framework Partnership Agreement between the National data provider organisations in Denmark and EFSA – Final report
Research output: Contribution to journal › Journal article – Annual report year: 2018 › Research › peer-review

Annual Report on Zoonoses in Denmark 2016
Research output: Book/Report › Report – Annual report year: 2017 › Research

Annual report on zoonoses in Denmark 2015
Research output: Book/Report › Report – Annual report year: 2016 › Research › peer-review

Final Report on SSD2 pilot results in Denmark
Research output: Book/Report › Report – Annual report year: 2017 › Commissioned

Annual Report on Zoonoses in Denmark 2014
Research output: Book/Report › Report – Annual report year: 2015 › Research › peer-review

EFSA and ECDC (European Food Safety Authority and European Centre for Disease Prevention and Control), 2015. The European Union Summary Report on Trends and Sources of Zoonoses, Zoonotic Agents and Food-borne Outbreaks in 2013
Research output: Book/Report › Report – Annual report year: 2015 › Commissioned

EFSA (European Food Safety Authority) and ECDC (European Centre for Disease Prevention and Control), 2015. The European Union summary report on trends and sources of zoonoses, zoonotic agents and food-borne outbreaks in 2014
Research output: Book/Report › Report – Annual report year: 2015 › Commissioned › peer-review
Rainfall Forecast in Bangkok by Radar
Research output: Book/Report › Report – Annual report year: 2003 › Research › peer-review

Waiting for a swim - the handling of wastewater om Asia
Research output: Contribution to journal › Journal article – Annual report year: 2002 › Research › peer-review

Animal models of intestinal nematode infections of humans
Research output: Contribution to journal › Journal article – Annual report year: 2000 › Research › peer-review

Concurrent Ascaris suum and Oesophagostomum dentatum infections in pigs
Research output: Contribution to journal › Journal article – Annual report year: 1999 › Research › peer-review

Establishment of Ascaris suum in the pig: Development of immunity following a single primary infection
Research output: Contribution to journal › Journal article – Annual report year: 1999 › Research › peer-review

Toxocara canis in experimental infected pigs
Research output: Non-textual form › Sound/Visual production (digital) – Annual report year: 1999 › Research

Visceral larva migrans: migratory pattern of Toxocara canis in pigs
Research output: Contribution to journal › Journal article – Annual report year: 1999 › Research › peer-review

Interactions between different helminth species in the pig - with special emphasis on the establishment of Ascaris suum, and some observations on Toxocara canis

Recovery and distribution of Ascaris suum superimposed on a Schistosoma japonicum infection in pigs
Research output: Contribution to journal › Journal article – Annual report year: 1998 › Research › peer-review

Possible effects of a primary Schistosoma japonicum infection on a superimposed Ascaris suum infection in pigs
Research output: Non-textual form › Sound/Visual production (digital) – Annual report year: 1997 › Research

Possible effects of a primary Schistosoma japonicum infection on a superimposed Ascaris suum infection in pigs
Research output: Non-textual form › Sound/Visual production (digital) – Annual report year: 1997 › Research

Cryptosporidium sp. in Danish rodents
Research output: Non-textual form › Sound/Visual production (digital) – Annual report year: 1995 › Research

The effect of Ascaris suum trickle infections on Oesophagostomum dentatum challenge infection in pigs
Research output: Non-textual form › Sound/Visual production (digital) – Annual report year: 1995 › Research

Activities:

Nordic zoonoses meeting Helsinki 2017
Activity: Talks and presentations › Conference presentations

Kompetence projekt for rådgivere ved fødevareinstituttet
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.
European workshop 'One Health risk analysis structures for emerging zoonoses
Activity: Talks and presentations › Conference presentations

European workshop 'One Health risk analysis structures for emerging zoonoses
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Kursus i avanceret excel
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

EFSA Focal Point WG on registration of institutions under Art. 36 (Event)
Activity: Membership › Membership of research networks or expert groups

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Twining project with FVST concerning surveillance in Serbia
Activity: Talks and presentations › Conference presentations

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Nordic Zoonsis Centre Meeting
Activity: Talks and presentations › Conference presentations

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.
EFSA@EXPO: EFSA's 2nd Scientific Conference - Shaping the Future of Food Safety, Together
Activity: Attending an event › Participating in or organising a conference

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

BfR Symposium Zoonosen und Lebensmittelsicherheit 2015
Activity: Talks and presentations › Conference presentations

Global Data and International outbreaks - Integrated surveillance – One Health
Activity: Talks and presentations › Conference presentations

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

European Food Safety Authority (External organisation)
Activity: Membership › Membership of research networks or expert groups

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising workshops, courses, seminars etc.

Better Training for Safer Food (BTSF): Foodborne outbreak investigations
Activity: Attending an event › Participating in or organising a conference

Global data and international outbreaks: Integrated surveillance - One Health
Activity: Talks and presentations › Conference presentations
