Research outputs:

**DTU's undersøgelser af lav adhæsion / glatte skinner for Transportministeriet og DSB**
Research output: Book/Report › Report – Annual report year: 2014 › Commissioned

**Investigation of Arctic and Antarctic spatial and depth patterns of sea water in CTD profiles using chemometric data analysis**
Research output: Contribution to journal › Journal article – Annual report year: 2014 › Research › peer-review

**Automatic scatter detection in fluorescence landscapes by means of spherical principal component analysis**
Research output: Contribution to journal › Journal article – Annual report year: 2013 › Research › peer-review

**Robust procedures in chemometrics**

**Spatio-temporal analysis and modeling of short-term wind power forecast errors**
Research output: Contribution to journal › Journal article – Annual report year: 2011 › Research › peer-review

**Spatio-temporal modeling of wind power prediction errors**
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2008 › Research

**Spatio-temporal modelling of short-term wind power prediction errors: 02004/FU5766 - Improved wind power prediction**
Research output: Book/Report › Report – Annual report year: 2007 › Research

Projects:

**Analysis and Modelling of Chain Data**
Project: PhD
