Research outputs:

**Overcurrent experiments on HTS tape and cable conductor**
Research output: Contribution to journal › Journal article – Annual report year: 2001 › Research › peer-review

**Kortslutningsstrømme i superledende kabler**
Research output: Book/Report › Report – Annual report year: 1999 › Research

**The Electrical Aspects of the choice of Former in a High T-c Superconducting Power Cable**
Research output: Contribution to journal › Conference article – Annual report year: 1999 › Research › peer-review

**AC losses in circular arrangements of parallel superconducting tapes**
Research output: Contribution to journal › Conference article – Annual report year: 1998 › Research › peer-review

**Ac power loss for superconducting strips of arbitrary thickness in the critical state carrying a transport current**
Research output: Contribution to journal › Journal article – Annual report year: 1998 › Research › peer-review

**Measurement of AC losses in different former materials**
Research output: Contribution to journal › Journal article – Annual report year: 1998 › Research › peer-review

**Measuring ac losses in superconducting cables using a resonant circuit: Resonant current experiment (RESCUE).**
Research output: Contribution to journal › Journal article – Annual report year: 1998 › Research › peer-review

Projects:

**Transient analyse af superledende kabler**
Project: PhD

**EUCAS 2001 Conference - Copenhagen**
Project: Research

**DK-Superconductors in the Electric Power Sector**
Project: Research

**Ph.d.project, Carsten Rasmussen: Superconducting power cable terminations**
Project: Research
