High temperature structural phase transitions in SrSnO₃ perovskite
Research output: Contribution to journal › Journal article – Annual report year: 2005 › Research › peer-review

Determination of the structure of cubic stabilised zirconia using Raman spectroscopy
Research output: Contribution to journal › Journal article – Annual report year: 2005 › Research › peer-review

Bonding in cis- and trans-dichlorobis(dimethylsulfide)platinum(II) studied by vibrational (micro)spectroscopy and force field calculations
Research output: Contribution to journal › Journal article – Annual report year: 2001 › Research › peer-review

Vibrational spectroscopy on protons and deuterons in proton conducting perovskites
Research output: Contribution to journal › Journal article – Annual report year: 2002 › Research › peer-review

The structural transformation from the pyrochlore structure, A₂B₂O₇, to the fluorite structure, A O₂, studied by Raman spectroscopy and defect chemistry modeling
Research output: Contribution to journal › Journal article – Annual report year: 2001 › Research › peer-review

Laser frequency dependence of broad backgrounds in Raman spectra of Pd/Mg(Al)O
Research output: Contribution to journal › Journal article – Annual report year: 2000 › Research › peer-review

Spectroscopic study of protons and deuterons in proton conducting perovskites
Research output: Contribution to conference › Conference abstract for conference – Annual report year: 2000 › Research

Structure, Raman spectra and defect chemistry modelling of conductive pyrochlore oxides
Research output: Contribution to journal › Journal article – Annual report year: 2000 › Research › peer-review

Structure, Raman spectra and defect chemistry modeling of conductive pyrochlore oxides
Research output: Chapter in Book/Report/Conference proceeding › Conference abstract in proceedings – Annual report year: 1999 › Research
