A High-Level Functional Architecture for GNSS-Based Road Charging Systems. / Zabic, Martina.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2012 › Research › peer-review

GNSS-based Road Charging Systems - Assessment of Vehicle Location Determination. / Zabic, Martina.

Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2009 › Research › peer-review

GPS-based Road Pricing. / Zabic, Martina.
Research output: Contribution to journal › Journal article – Annual report year: 2007 › Research

A Geographic Information System Analysis of Global Positioning Quality for Road Pricing. / Zabic, Martina; Nielsen, Otto Anker.
Research output: Chapter in Book/Report/Conference proceeding › Book chapter – Annual report year: 2006 › Research › peer-review

An Analysis of Stand-alone GPS Quality and Simulated GNSS Quality for Road Pricing. / Zabic, Martina; Nielsen, Otto Anker.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2006 › Research › peer-review

An ArcGIS analysis of Stand-alone GPS quality for Road Pricing. / Zabic, Martina.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2006 › Research › peer-review

Availability of GNSS for Road Pricing in Copenhagen. / Jensen, Anna B. O.; Zabic, Martina; Overø, H. M.; Ravn, B.; Nielsen, Otto Anker.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2005 › Research

GPS & Roadpricing. / Zabic, Martina.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2005 › Communication
