Adding Value to Bioethanol through a Purification Process Revamp
Research output: Contribution to journal › Journal article – Annual report year: 2017 › Research › peer-review

Optimal operation and stabilising control of the concentric heat-integrated distillation column (HIDiC)
Research output: Contribution to journal › Journal article – Annual report year: 2016 › Research › peer-review

Supervisory Model Predictive Control of the Heat Integrated Distillation Column
Research output: Contribution to journal › Conference article – Annual report year: 2017 › Research › peer-review

Active Disturbance Rejection Control of a Heat Integrated Distillation Column
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2016 › Research › peer-review

Operation and Design of Diabatic Distillation Processes

Optimal Operation and Stabilising Control of the Concentric Heat-Integrated Distillation Column
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2016 › Research › peer-review

Modeling and analysis of conventional and heat-integrated distillation columns
Research output: Contribution to journal › Journal article – Annual report year: 2015 › Research › peer-review

HIDiC - Design, Sensitivity and Graphical Representation
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2014 › Research › peer-review

HIDiC - Design, Sensitivity and Graphical Representation
Research output: Contribution to conference › Poster – Annual report year: 2014 › Research › peer-review

Impact on Model Uncertainty of Diabatization in Distillation Columns
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2014 › Research › peer-review

Impact on Model Uncertainty of Diabatization in Distillation Columns
Research output: Contribution to conference › Poster – Annual report year: 2014 › Research › peer-review

Pressure Control in Distillation Columns: A Model-Based Analysis
A Modeling Framework for Conventional and Heat Integrated Distillation Columns
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2013 › Research › peer-review

A Modelling Framework for Conventional and Heat Integrated Distillation Columns
Research output: Contribution to conference › Poster – Annual report year: 2013 › Research › peer-review

A Modelling Framework for Conventional and Heat Integrated Distillation Columns
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2013 › Research

Dynamic effects of diabatization in distillation columns
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2013 › Research › peer-review

Dynamic effects of diabatization in distillation columns
Research output: Contribution to conference › Poster – Annual report year: 2013 › Research › peer-review

Dynamic Effects of Diabatization in Distillation Columns
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2012 › Research

Dynamic Effects of Diabatization in Distillation Columns
Bisgaard, T., 2012
Research output: Non-textual form › Sound/Visual production (digital) – Annual report year: 2012 › Research

Production of ethanol from excess ethylene
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2012 › Research › peer-review
