Ash transformation in suspension fired boilers co-firing coal and straw - DTU Orbit
(16/10/2019)

Ash transformation in suspension fired boilers co-firing coal and straw: Final report, PSO-Eltra 4766
Appendix C: Paper in Fuel 87 (2008) 3304-3312: A kinetic study of gaseous potassium capture by coal minerals in a high temperature fixed-bed reactor

General information
Publication status: Published
Organisations: CHEC Research Centre, Department of Chemical and Biochemical Engineering
Number of pages: 10
Publication date: 2009

Publication information
Publisher: DTU Chemical Engineering
Original language: English
(CHEC; No. R0803).
Source: orbit
Source ID: 313204
Research output: Book/Report  Report – Annual report year: 2009  Research  peer-review
