Comparison between experimental data and a Langevin particle dispersion model including dry deposition - DTU Orbit (12/08/2019)

General information
Publication status: Published
Organisations: Meteorology, Wind Energy Division, Risø National Laboratory for Sustainable Energy
Contributors: Karlsson, E., Näslund, E., Gryning, S.
Pages: 261-268
Publication date: 1995

Host publication information
Title of host publication: 21st NATO/CCMS International meeting on air pollution modelling and its application. Preprints
Place of publication: Boston, MA
Publisher: American Meteorological Society
Source: orbit
Source-ID: 292959
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1995 › Research
