Evidence of interactions between aroma compounds and the CB1 receptor opens new routes for regulation of food intake.

**General information**

Publication status: Published
Organisations: Center for Biological Sequence Analysis, Department of Systems Biology, Integrative Systems Biology, Universite de Bourgogne
Number of pages: 1
Pages: 280-280
Publication date: 2015
Peer-reviewed: Yes

**Publication information**

Journal: Chemical Senses
Volume: 40
Issue number: 3
ISSN (Print): 0379-864X
Ratings:
BFI (2015): BFI-level 1
Scopus rating (2015): CiteScore 2.83 SJR 1.438 SNIP 1.123
Web of Science (2015): Impact factor 2.5
Web of Science (2015): Indexed yes
Original language: English
Keywords: Behavioral, Food, Neurosciences, Physiology
Source: FindIt
Source ID: 274493045
Research output: Contribution to journal › Conference abstract in journal – Annual report year: 2015 › Research › peer-review
