The influence of static pre-stretching on the mechanical ageing of filled silicone rubbers for
dielectric elastomer applications - DTU Orbit (18/08/2019)
Zakaria SB, Yu L, Kofod G, Skov AL. 2015. The influence of static pre-stretching on the mechanical ageing of filled
silicone rubbers for dielectric elastomer applications. Materials Today Communications. 4:204-213.
