Predicting the Yield Stress of SCC using Materials Modelling
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2005 › Research

Simulation and Verification of Form Filling with Self-Compacting Concrete
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2005 › Research

Form Filling with Self-Compacting Concrete
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 2002 › Research

Durability of fibre reinforced concrete structures exposed to combined mechanical and environmental load
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1999 › Research › peer-review

Crack Formation During Hardening in Fibre Reinforced Concrete
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review

Design Basis for Fibre Reinforced Concrete (FRC) Pavements
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review

Design Methods for Fibre Reinforced Concrete
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review

Determination of Eigenstresses in Hardening Concrete.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review

Fatigue Performance of Fiber Reinforced Concrete. An Experimental and Theoretical Study.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review

Lightweight Aggregate Concrete Components. Load-bearing Capacity
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review
Lightweight Aggregate Concrete. The materials in the precast elements.
Research output: Chapter in Book/Report/Conference proceeding › Article in proceedings – Annual report year: 1996 › Research › peer-review
